HISTORY

Swedish Health Services was founded more than a century ago by a physician and Swedish immigrant, Nils Johanson, M.D., with the generosity of members of our community who wanted to provide our region with the best medical care possible. What started as a 24-bed facility is now the largest not-for-profit health care provider in the greater Seattle area.

As Swedish Health Services has evolved and affiliated with Providence to become Providence Swedish, our vision to provide the highest-quality health care for the best value remains unchanged. In 2023, generous donors contributed over \$33 million, driving advancements in behavioral health, cancer research, women's health, NICU & pediatrics, nursing, health equity, and more – reinforcing our steadfast commitment to the ongoing well-being of our community.

SWEDISH HEALTH SERVICES TODAY

Swedish Health Services is comprised of five hospital campuses (First Hill, Cherry Hill, Ballard, Edmonds and Issaquah); ambulatory care centers in Redmond and Mill Creek; and Swedish Medical Group, a network of 194 primary and specialty care locations throughout the greater Puget Sound area.

Our commitment to improving the health of our region extends beyond patient care. Whether through physician clinics, health education, research and innovation or other means of outreach, we are committed to caring for the people in our region and beyond.

2023 FACTS AND FIGURES

- 1,571 licensed beds
- 13,554 employees
- 3,731 physicians, APCs and allied health professionals
- 9,770 babies born
- 231,440 emergency room visits
- 48,965 inpatient admissions
- 37,069 surgeries performed
- 946,867 Swedish outpatient clinic visits (unrelated to surgery or emergency room visits)
- 194 primary and specialty care locations (155 specialty, 10 pediatrics, 29 primary care)
